Dear Local Resident

RE: Multi-storey car park project at Wagga Wagga Base Hospital - Notice of Works Starting

The NSW Government is investing \$30 million in the construction of a new multi-storey car park and two street-level car parks on the Wagga Wagga Base Hospital campus.

ADCO Constructions Pty Ltd has been engaged to build the new car parks. Work will start in May 2021 and is expected to be completed in 2022.

General construction working hours are 7am to 6pm, Monday to Friday, and 7am to 5pm on Saturday. No work will take place outside of these hours, on Sundays or public holidays without prior notice.

Like any construction site, there will be some noise and dust, however measures are in place to keep these within permissible levels. When required, traffic control staff will be on site to direct traffic.

During the construction works for the car park project and the construction of the University of NSW Biomedical Science Centre, there will be a temporary loss of car parking spaces on the health campus.

To minimise this loss of parking, the car park project will be delivered in three phases. This will allow new parking spaces to become available as works progress. Additionally, new spaces are now available for fleet vehicles under the Health Services Hub. Construction workers will be provided off campus parking by the contractors. Every effort will be made to minimise disruptions to staff, patients, visitors and neighbours.

Thank you in advance for your patience and understanding.

Further information about the project is available here: www.mlhd.health.nsw.gov.au/wagga-mscarpark If you have any questions, comments or complaints, please contact the Project Team via email MLHD-Wagga-MSCarpark@health.nsw.gov.au

Yours sincerely

Wagga Wagga Multi-Storey Car Park Project Team
